DETAILED ACTION

1. This Office Action is in response to the Remarks filed April 28, 2010. The arguments concerning the Restriction Requirement of February 26, 2010 have been considered and found to be convincing. However, a new requirement for restriction is made, below.

Election/Restrictions

2. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 1, 8, and 10, drawn to a lithium-ion-conducting sulfide-based crystallized glass comprising lithium, phosphorus, and sulfur.

Group II, claims 2-7, 9, 11, and 12, drawn to a method of making a lithium-ion-conducting sulfide-based crystallized glass comprising heat-treating a sulfide-based glass comprising 68 to 74 mol% of Li_2S and 26 to 32 mol% of P_2S_5 .

3. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Group I does not require the relative amounts of the two compounds. Group II does not require the claimed diffraction peaks.

4. The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
